

A **HAVELLS** Brand

MAKE EVERY WASH
A HAPPIER &
GERM-FREE WASH

FRONT LOAD

Your clothes are not perfectly hygienic until they are steam washed. Here is why.

Essentially, steam boosts the temperature, causing fibre to relax and absorb water more efficiently; this releases deep-down dirt and stains.

Steam causes detergent to dissolve quickly and cleanse the fabric of your clothes optimally.

Last but not the least, the higher temperature of steam kills the bacteria clinging to your dirty laundry.

So bring home a Lloyd Washing Machine with Lloyd Steam Wash today and fortify your family's well-being for years to come.

IntelliSteam

with **99.99%** Sterilisation

Bacteria

Virus

Mite

Steam Refresh

Reduces Wrinkle and Odour

Softener

*Softens your clothes
with Pure Water*

Lloyd Intelli Steam series comes with innovative features such as 'Hygiene Steam' which eliminates 99.9% of Bacteria, Virus, Allergens and Mites hence giving a hygienic wash overall. Intelli Steam refreshes clothes making it ideal for babies and sensitive skin. Hygiene steam is available in 4 different cycles like Cotton, Mix Laundry, Bed Linen and Baby Care program.

BLDC Inverter Motor

Lloyd Intelli Steam series comes with a BLDC Inverter motor with huge power saving as high as 70%. Don't worry now about electricity bill, save power and enjoy heavenly silence with BLDC Inverter motor technology.

IMD Full Touch Panel with Curved Design

Lloyd Intelli Steam series comes with best-in-class IMD Full Touch Panel with Curved Design. The touch is as light as touching velvet. The panel is completely water proof, from outside and also from inside the machine structure.

Intelli-Steam Dry

GLWDF05DK1

10.5 kg with 7.0 kg drying capacity

Steam wash with

99.99%*
Sterilisation

Steam wash is a combination of water and steam in a variety of cycles to treat your laundry with special care. Steam boosts the temperature inside the washer drum, causing fibers to relax and absorb water efficiently, releasing deep-down dirt and stains.

Detergent dissolves quickly and works better in the higher temperatures, which also kills bacteria. The high-heat steam softens fabrics, which allows wrinkles, deeply embedded during spin cycles, to flatten out, thus removing the need to iron your clothes.

100% DRYER*

The Dryer function dries the laundry 100%; so now, all you need to do is, put the clothes back in your wardrobe.

BLDC Inverter Motor

Assures superior performance with significant noise and vibration reduction during washing. Enhances overall durability and life of washing machine.

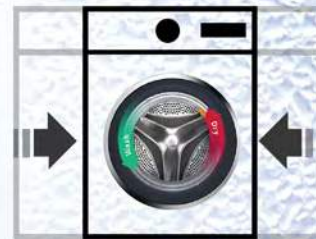

Full Touch IMD Panel with curved design

Full-touch buttonless panel. Curve design makes operation easier and In-Mould injected IMD panel gives premium look. IMD Touch panel is also waterproof hence no worries of damage.

2-in-1 Washer Dryer

Introducing washer dryer which gives 100% drying apart from washing the clothes thus saving time.

Insta Wash

20 % - 40 % quicker wash while delivering best cleaning performance by strengthening the movement of the water during the wash cycle.

Insta Wash

Drying Level

Cupboard Dry: Need to wear clothes immediately

Normal Dry: The normal dry procedure

Timer Dry: We can choose this function to dry clothes for a specific time.

FEATURES

- Insta Wash

TOP LOAD, FULLY AUTOMATIC WASHING MACHINE.

Introducing the innovative range from Lloyd with premium looks and design. Lloyd new range offers best-in-class features such as In-built Heater, Germi kill, Aqua Save Wash, Bubble Foam Wash, 8 i-Sense Technology and many more, adding more convenience, ensuring best washing performance every time.

PREMIUM TOP LOAD
WASHING MACHINE.

Introducing
Estello

The latest range from Lloyd.

Get Sanitized Clothes And Ensure Hygiene For Your Family

Antibacterial washing with in-built heater. Get rid of harmful Bacteria, Germs, Allergens with Anti Bacteria Wash that washes and sanitizes clothes at a temperature of 60 °.

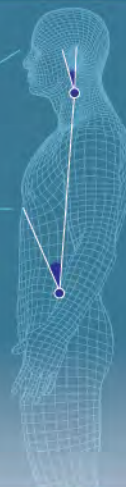

Designed For Health & Convenience

Ergonomic Design

The whole operation interface of washing machine is moved backward based on the ergonomics, so it is easier for users to take clothes out or put them in with no need to stoop or stand on toes.

Bending down for a long time to take out and put clothes in the washing machine can cause Cervical Spondylosis. The new ergonomic design helps you avoid it.

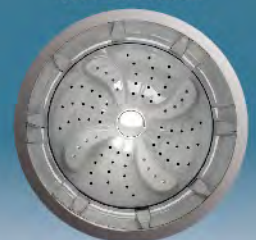

Soft Close Tempered Glass

The free closing door descends slowly and softly which won't pinch the hands and will eliminate the sound of slamming.

Quad Fin Pulsator

8*i*-Sense Technology

Lloyd Estello Series has in-built sensors which are activated ensuring best washing performance, safety and durability.

SAFETY

- i-Door Open Sensor
- i-Dry Tap Protection
- i-Zero pressure Wash
- i-Overheat Protection

PERFORMANCE

- i-Water Level Selection
- i-Tub Clean

DURABILITY

- i-inner Drum Protection
- i-Auto Balance

Benefits of Owning Estello 5 Star Rated Washing Machines

BETTER WASH PERFORMANCE

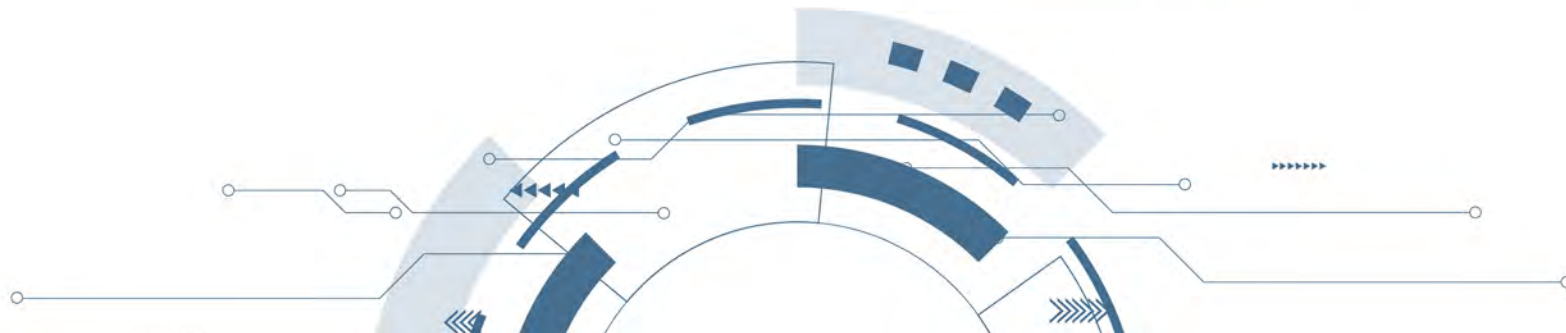

ENERGY CONSERVATION

- Estello Series is energy efficient and saves more water.

- 5 Star is the highest rating provided to any washing appliance.

WATER SAVING & RINSE SAVING

Puro Drum With Reinforced Glass

"Puro drum technology- the outer drum has reinforced glass within the structure ensuring strength, less vibrations and durability"

With reinforced glass outer drum heat loss is reduced and acts as an insulator

Near Zero Pressure

"Low Water Pressure is a common problem in India"

Enjoy convenience and save Minimum Rs. 2000/- for additional water booster.

WHEN DESIGN
MEETS TECHNOLOGY.

Jazz

The latest range from Lloyd.

Introduction

The amalgamation of Style
Aesthetics and Latest Technology.

At Lloyd, we design and create state-of-the-art
products which are truly irresistible and provide
a whole new experience for consumers.

Lloyd washing machines have passed more than
50 different quality checks ensuring
a hassle-free experience.

Jazz range has been beautifully crafted adding a pinch
of fashion & style keeping in mind consumer insights.

Innovation at its Best. Our CRI team understands
the needs of consumers with challenges related
to water pressure, scarcity of water.

The quality of washing performance
has always been a concern for Indian
consumers. Lloyd Jazz series are all 5 Star rated
certified by BEE India.

Design Features & USPs

TOUGHENED GLASS LID

Designed for Strength and Durability. Toughened Glass Lids can withstand weight up to 90 kg

METALLIC ARC HANDLE

Stylish & Irresistible. Created for consumer convenience. Easy to pull the top lid while loading laundry in your washing machine.

VENTED DRYING

In-built Vented Drying. Get rid of odour and moisture after spin cycle. Faster drying with air circulation.

Technology & USPs

BUBBLE FOAM WASH

Get better washing performance with Bubble Foam Wash. High density bubbles are formed for deeper and better cleaning.

8*i*-SENSE TECHNOLOGY

Lloyd Jazz Series has In-built sensors which are activated ensuring best washing performance, safety and durability.

AQUA SAVE WASH

With Aqua Save technology, consumers can save 50 litres of water equivalent to 2 buckets of water.

IntelliDrive

Silent, energy-efficient & durable washing machine. Get increased energy-efficiency, low noise and vibrations with Intelli Drive Motor Mechanism. It has fewer moving parts and there is less wear and tear, resulting in a longer overall lifespan.

Intelli Drive Motor

44% Energy Savings and Lower Water Consumption. The Intelli Drive Motor technology gives longer life to the Motor with Heavenly Silence.

84% Tangle Free

Conventional washing machines tangle the clothes during washing which cause a lot of hassle. With Lloyd's innovative Ultra Cube Wash Technology you get tangle free, knot free and twists free laundry. Improved 84% less tangling compared to existing laundry saves you from the hassle and stress of sorting out clothes after every wash. Lloyd's innovative Ultra Cube Wash Technology uses an Ultra Cube Pulsator Water Cube Tub that creates a vertical force for a tangle free wash.

Lloyd elante
Winner Semi-Automatic Washing Machine Category
Survey of 2250 people by NielsenIQ across Categories

elanté Range

Impressive Looks Impressive Performance

The ***elanté*** series sports an automobile-inspired design complemented by a top with imposing side decors and a unique highlighting signature running along the sides of its lid. As a first-in-the-category feature, its sturdy double layered lids have been textured and come with soft-closing Hydraulic Damper action which closes the lids softly to avoid impact when left to close by itself. Its impressive glass contours accentuates the sporty look. At the bottom, it is thoughtfully furnished with large rubber wheels and rubber castor for better mobility and stability while functioning. At the core of its sporty performance is the Center Water Fall Spin Shower which points the water at the center of the Spin Tub to help water percolate through the laundry and boost up its spin shower rinsing capacity.

Applicable only for Elante
