LIVE THE ADVANTAGE

LYNCUS,  
THE NEW RANGE  
FROM  
LEGRAND

Our homes are changing at a speed like never before. What's cutting edge today is outdated tomorrow. In this landscape, Legrand is developing ever new technologies and bringing them to consumers.

In labs across the world, Legrand is always busy researching and developing new products in electrical and digital building infrastructure. More than 5% of our budgets are dedicated to this goal. And because our customers need products that go beyond technology, that bring design value as well, our focus is on both. We call it Designeering.

Our new Lyncus range is a culmination of all these values. The sleek minimalist look is perfectly in sync with the technology that sets this range apart. Easy to install, easy to use and easy on the eyes. In other words, welcome to a range tailor made for your modern home.
